

SAVING LIVES WITH INNOVATIVE CELL-BASED THERAPY

EBMT 2017 SATELLITE SYMPOSIUM

Advances in Haploidentical Stem Cell Transplantation and Post Transplant Immunotherapy

Sunday March 26th 2017 | Time: 11:00 - 12:30 | Room: Les Goudes 2

Also meet us on:

Monday March 27th, 2017

Poster Session | Poster Area | Poster A171

Introduction of the HATCY study: A Phase III, multicenter, randomised controlled study to compare safety and efficacy of a haploidentical HSCT and adjunctive treatment with ATIR101 with post-transplant cyclophosphamide in patients with a hematologic malignancies

Tuesday March 28th, 2017

Poster Session | Poster Area | Poster B276

An exploratory, open-label study to evaluate the safety and feasibility of ATIR201, a T-lymphocyte enriched leukocyte preparation depleted *ex vivo* of host alloreactive T-cells (using photodynamic treatment), as adjuvant treatment to a T-cell depleted haploidentical hematopoietic stem cell transplantation in patients with beta-thalassemia major

Advances in Haploidentical Stem Cell Transplantation and Post Transplant Immunotherapy

Sunday March 26th 2017 | 11:00 - 12:30 | Room: Les Goudes 2

Chair: Prof. Hermann Einsele, Julius-Maximilians University Hospital,
Würzburg, Germany

11:00 - 11:05	Welcome and general introduction	Prof. Hermann Einsele (University Hospital, Würzburg, Germany)
11:05 - 11:20	Update on haploidentical stem cell transplantation in acute leukemia	Prof. Arnon Nagler (Chaim Sheba Medical Center, Tel-Hashomer, Israel)
11:20 - 11:40	Update on Post Haploidentical Transplant immune intervention with High-dose Cyclophosphamide	Prof. Leo Luznik (Johns Hopkins University School of Medicine, Baltimore, USA)
11:40 - 12:00	T-cell immunotherapy and haploidentical stem cell transplantation: <i>State-of-the-art and beyond</i>	Prof. Stephan Mielke (University Hospital, Würzburg, Germany)
12:00 - 12:20	Haploidentical transplantation: <i>How to preserve Graft-versus-Leukemia without inducing GvHD: adjunctive treatment with selective depleted donor T-cells (ATIR101)</i>	Prof. Denis-Claude Roy (Hôpital Maisonneuve- Rosemont, Montreal, Canada)
12:20 - 12:30	Discussion & Concluding Remarks	Prof. Hermann Einsele (University Hospital, Würzburg, Germany)
